Testimonials

"Wendy Waller is not only an excellent singer herself but also has the talent, knowledge and skill set to teach others to sing.

She is able to bring out the student's very best voice. She does this with care, patience, enthusiasm, humor, compassion and joy.

She instills the love of music and singing in all her students. She has done a remarkable job with my daughter.

We are very privileged to have her as a teacher and coach."

-Eileen Morganthaler

"Wendy is particularly skilled at identifying and addressing each student's strengths and weaknesses. I have worked with several singing teachers and Wendy is by far the best."

-Christine Chatwell

"I've taken Wendy's class several times because it is always fun. I learn new songs each time. I took lessons from Wendy as a beginner. Since then I have sung solo in public several times and now sing in a choir.

Wendy knows jazz, blues, country and popular singing. She is great at enthusiastically conveying her art to her students."

-George Hopkins
